CKPIS NETWORK

Dear colleagues,

The Centre for Cultural and Historical Research of Socialism (Centar za kulturološka i povijesna istraživanja socijalizma, CKPIS) was founded earlier this year at the University of Pula, Croatia. Its founders have connected their academic interests in the fields of history, anthropology, musicology and literature. Please read more about the ideas that led to the establishment of the Centre as well as our recent and future activities at the University web-site (www.unipu.hr).

Our future plans include the establishment of an international network of researchers of socialism, coming from different academic fields. The network would function in two ways:

1. through the **mailing-list** where we would all share information on new books, journals, projects and exhibitions in the field of socialism;
2. through the **list of researchers**, which would be published on our web-site and would serve as a useful starting resource, especially in establishing future cooperation.

I would like to ask you for a short reply to my address (igor.duda@unipu.hr) in which you would specify whether you want to be: 1. added to the mailing list and 2. included in the web-list of researchers. You do not have to accept both, but in the case of positive answers, we would need your full name, institutional affiliation and e-mail address.

I hope this kind of networking could lead to cooperation in research projects, the organization of conferences, joint publications, and other kinds of cooperation. Your entrance in the network would also be important by showing support for CKPIS in its early stages.

Feel free to forward this letter to all potentially interested scholars at your home institutions. I hope there will be numerous occasions to meet you in person at the University of Pula and elsewhere,

Sincerely,

Igor Duda, Ph.D.
Head of CKPIS
